

Sector simulations: negotiation record

Day 4 · Session 4 | Both sectors | Shared resource

FICTIONAL TRAINING EXERCISE. Use only your assigned role. A role label separates downloads for the exercise; files on this public website are accessible to anyone with the link.

Negotiation Record Sheet

Complete this before you leave the room, whether or not you reached agreement. What was NOT agreed, and why, is as useful tomorrow as what was.

1. What was agreed

Issue	What was agreed — in your own words
Issue 1	
Issue 2	
Issue 3	

2. What was not agreed

Issue	Why it could not be settled today
Issue 1	
Issue 2	

3. Process

Question	Your answer
Which outcome scenario (A-E) best describes your result?	
Was a trade-off actually put on the table, or only implied?	

Question	Your answer
What was the most difficult moment, and how was it handled?	
Did anyone need help to move without losing face? What was offered?	

4. Your own priorities

Question 1

You wrote two improvement priorities at the end of Day 3. Did you do them? Be honest — "I forgot until twenty minutes in" is the useful answer.

5. Spokesperson for tomorrow

Name of the person reporting back in tomorrow morning's plenary:

Before a Real Agreement

Exercise mandates do not override law. Confirm the actual employer, bargaining authority, SRC advice where applicable, lawful appropriation, approvals, implementation responsibilities and any required registration. A no-agreement outcome must be evaluated against the parties' alternatives; it is not automatically lose-lose.
